NEWS LETTER

April 2021 - July 2021

5th Edition

From Principal's Desk.....

An exuberant welcome to the session 2021-22 !
Let us pave way to its commencement with great fervor and supposition for achieving towering standards in the field of academics and other essential skills.

“Education awakens the power and beauty that lie within us”. In the present era of digitalized world, it the biggest challenge before educators and parents, to nurture the young minds with the indelible impressions of a holistic education.

From a foundation of leadership, we use innovation and teamwork to achieve excellence. It is a combination of building collaboration, a willingness to work extraordinarily hard, and the ability to recognize opportunities that ultimately will lead to success. We take the onus of making the child's journey rich with many enjoyable learning experiences by providing them an exquisite platform to hone their creative and inter-personal skills. we are a place of learning, belonging, growth, and support for students.

From Manager's Desk.....

"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations"

Welcome to the new session and to the next new class. The nature works in a beautiful rhythm. Today, the role of a school is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society.

Therefore, we come up with a vision to foster different facets of a student in order to see him/her developing as a vibrant student, responsible citizen and above all a generous and sentient human being. Our pedagogy is child centric, with emphasis on over- all growth and development of our students. The school is striving hard to make the best possible efforts to inculcate strong values combining with academics and extra-curricular activities in the children.

The school has carved a niche for itself, with the dedicated efforts of our deeply committed management, experienced teachers and active parents.

**Mrs . Rupinder Kaur
Manager**

From Chairman's Desk....

“If the face of India has to change ever then it cannot be attained without proper and quality education being imparted to everyone without any discrimination” . . .

Excellence is an attitude. We place high value on the ‘*Pursuit of excellence*’ and will continue to inculcate in our children the right outlook to not run after success but to chase excellence, in any and everything that they do. Sports, Art or Academics, the mantra that they need to follow is that they have to be better than what they were yesterday.

I foresee a world, through our school and its pupils, which values ‘*Sensitivity*’. Respecting differences and valuing every individual for what he or she is, is how we will create a community which is free from the shackles of ego and hatred. Compassion for others, for nature and how it serves us, and welcoming individual differences is, and will be, the mainstay of our school.

We stand on the threshold of a new beginning to create *independent thinking, creative and sensitive individuals*, who will serve as torch bearers to further ignite many more minds and create a world, painted with love, beauty and happiness.

Chairman
