उन्नति...

From Principal's Desk.....

“The highest education is that which does not merely give us information but makes our life in harmony with all existence.”

-Rabindranath Tagore.

At Sant Nirankari Public School, we believe in exposing the children to as much as possible. It is a peaceful ambience where children can efficiently absorb knowledge and assimilate it to result in understanding. The student, teacher and parent community together work towards the goals of making our children courageous, creative and imaginative. They are given enough scope for hands on activities to hone all these skills.

We are all here because we are all passionate about how we should assist the next generation in their growth and development. We want to harness their creativity and innovative thinking. We all want to make sure that we create good human beings, conscious citizens and smart people. That is and has always been our long-term vision.

Mrs. Leena Kapoor

From Manager's Desk.....

"Children must be taught how to think, not what to think"

-Margaret Mead

We believe in the perfection that exists in each individual and that can be manifested through the right guidance on the part of the school. There is a spark of genius in every student which needs a teacher to kindle it. We as facilitators, try to imbibe in our students the value of courage, honesty, curiosity along with a spirit to work hard and be an achiever which will help them make the world even better place to live in.

The school achieves its mission when each and every child succeeds. Thus, we are totally committed to modernizing education and unlocking the potential of Indian youngsters coming from all walks of life.

We thank parents and guardians for choosing us as a dais for their children's future. Constructive suggestions from our respected parents and well-wishers will take us higher on the ladder of success. Let us work together towards a better world!!!

Mrs . Rupinder Kaur
Manager

From Chairman's Desk....

"The mind is not a vessel to be filled, but a fire to be kindled."

-Plutarch

I appreciate every student who shared the joy of participation in co-curricular and extracurricular activities along with their commitment to curriculum. That little extra we do, is the icing on the cake. 'Do more than belong – participate. Do more than care – help. Do more than believe – practice. Do more than be fair – be kind. Do more than forgive – forget. Do more than dream – work.' Just as our mother earth gives us more and more, UNNATI will enable our learners to give and get a little more of learning.

Happy Reading!
